

Research & Grant Management Suite

Research and grant administration programs are increasingly caught in a complex web of ever changing regulatory and compliance rules. Our portal, developed in conjunction with university compliance officers and one of the nations leading law firms, is the only resource your team will need. The MediRegs *Research and Grant Management Suite*™ (RGMS) equips the entire program with a comprehensive, topically organized compliance portal. It can be customized to each user's needs and includes features like daily alerts, stored searches, meticulously linked documents and archives. RGMS will speed your compliance research, standardize university resources, reduce redundant subscription costs and help establish and maintain proper practices.

RGMS makes sure *The Right Information Reaches the Right People in the Right Way.*
