

# MediRegs® Compliance Suite

A Comprehensive Compliance & Reimbursement Research Portal

Whether you are implementing a new compliance program or want to maintain or enhance your current one, the MediRegs Compliance Suite from Wolters Kluwer Law & Business enables your organization to quickly access the information needed to make informed compliance and reimbursement decisions. Recognizing that not all compliance and research needs are the same, the Compliance Suite offers three products that provide the compliance data and search capabilities that correspond to your needs: **Regulation Suite (RS)**, **Compliance & Regulation Suite (CRS)**, and **Compliance & Regulation Suite Plus (CRSP)**.

Designed to seamlessly integrate into the workflow of the compliance professional, MediRegs Compliance Suite is the ultimate research solution, providing a user-friendly workspace, with enhanced features\* including:

- An intuitive interface created specifically to dovetail with a compliance officer's workflow for fast and easy access to information
- Targeted search capabilities including CMS manual and transmittal searches, CFR/FR searches by citation, agency; SSA and titles 21 and 42 of the USC; local and national coverage determinations
- Tabbed workspaces that align with MediRegs ComplyTrack Risk Assessment question libraries (RAM) and Audit Detail Manager (ADM) including:
  - Compliance Libraries
  - Compliance Program Guidance (CPG)
  - Conditions of Participation (COP)
  - Reimbursement
  - Audit
- Icons for specific subjects, provider types, tools, and agencies for ease in locating data
- Hyperlinks to collections or information by agency, document type and subject matter
- "Week in Review" news alerts: general and predefined alerts to keep you abreast of activities that may affect your organization
- Access to Wolters Kluwer's CCH and Aspen titles
- Advanced tools and calculators relative to compliance and billing needs

Utilized by more than 1,000 hospitals, law firms, consulting organizations and agencies including the Centers for Medicare and Medicaid Services and the Office of Inspector General, Compliance Suite provides a robust solution, empowering them to make quick, informed decisions while streamlining their workflow processes. It can do the same for your organization.

\*List includes features available across the Compliance Suite. Please reference individual product information for product-specific features.
